Hazardous Weather

Hazardous Weather

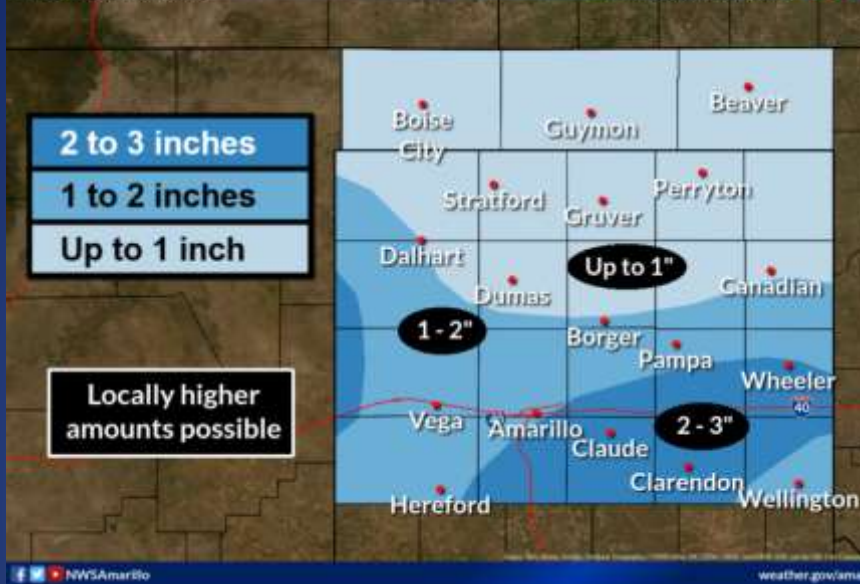

Expected Snow Totals

Through Wednesday Evening

Weather Forecast Office

Amarillo, TX

Issued Jan 26, 2022 2:54 AM CST

The unbearable dryness of being in the Panhandles has delayed the start time of the snow and with it, a reduction in our overall forecast totals. That said, still looking at around 1 to 3 inches across the southern and western Texas Panhandle, with relatively higher amounts along a Hereford to Wheeler axis.

Cold Today with Light Snow and Freezing Drizzle

Roads may become slippery resulting in hazardous travel conditions

Weather Forecast Office

Lubbock, TX

Issued Jan 26, 2022 4:37 AM CST

Areas of freezing drizzle and light snow will spread across the South Plains region Today. A light glaze of ice and snow accumulations of a dusting to an inch or two are expected. The heaviest snow is favored across the southern Texas Panhandle, while slick spots from ice and/or snow will be possible over much of the South Plains region. Temperatures will only "warm" into the 20s for most spots, meaning roads could remain slick into Wednesday evening/night, even after any precipitation concludes.

Hazardous Weather

Winter Weather Advisory

Now through Wednesday afternoon/evening

Weather Forecast Office

Midland/Odessa, TX

Issued January 26, 2022 3:29 AM CT

Winter Weather Advisory
across southeast New Mexico,
northern Permian Basin,
Culberson, Reeves, and Davis
Mountain Foothills.

Wintry Precipitation Accumulations...

- A mix of light freezing drizzle, freezing rain, sleet, and snow will create a light glaze on exposed surfaces and roads

Impacts

- Bridges and overpasses as well as normal roadways will likely become slick and hazardous for travelers

Preparedness Actions...

- Prepare for winter driving conditions by reducing speeds and allow for longer stopping distances

 [NWSMidland](#)

weather.gov/ma

A Winter Weather Advisory is in effect for southeast New Mexico, northern Permian Basin, Culberson, Reeves, and Davis Mountain Foothills from early Wednesday morning through Wednesday afternoon/evening.

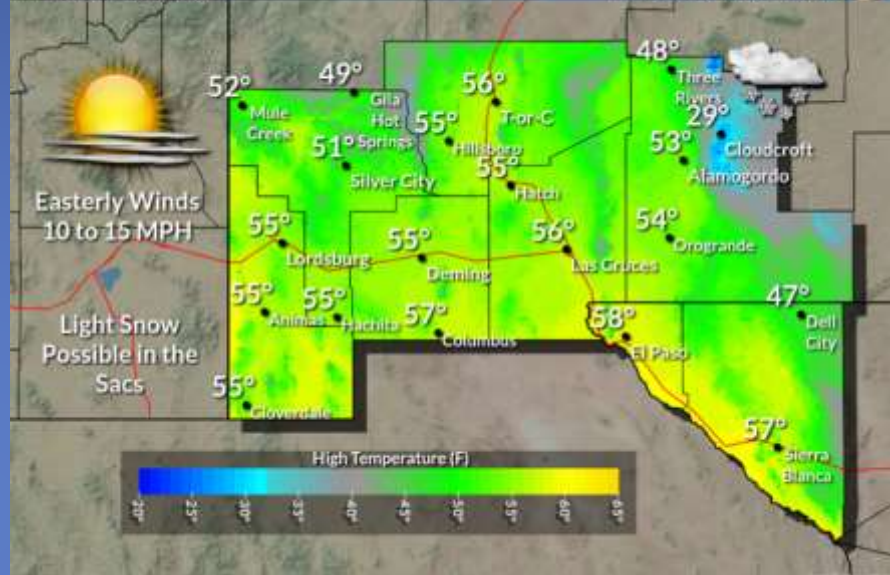

A Little Cooler

Wednesday Afternoon Highs

Weather Forecast Office

El Paso, TX

Issued Jan 25, 2022 5:42 PM MST

Facebook Twitter YouTube @NWSEIPaso

weather.gov/EPA.asp

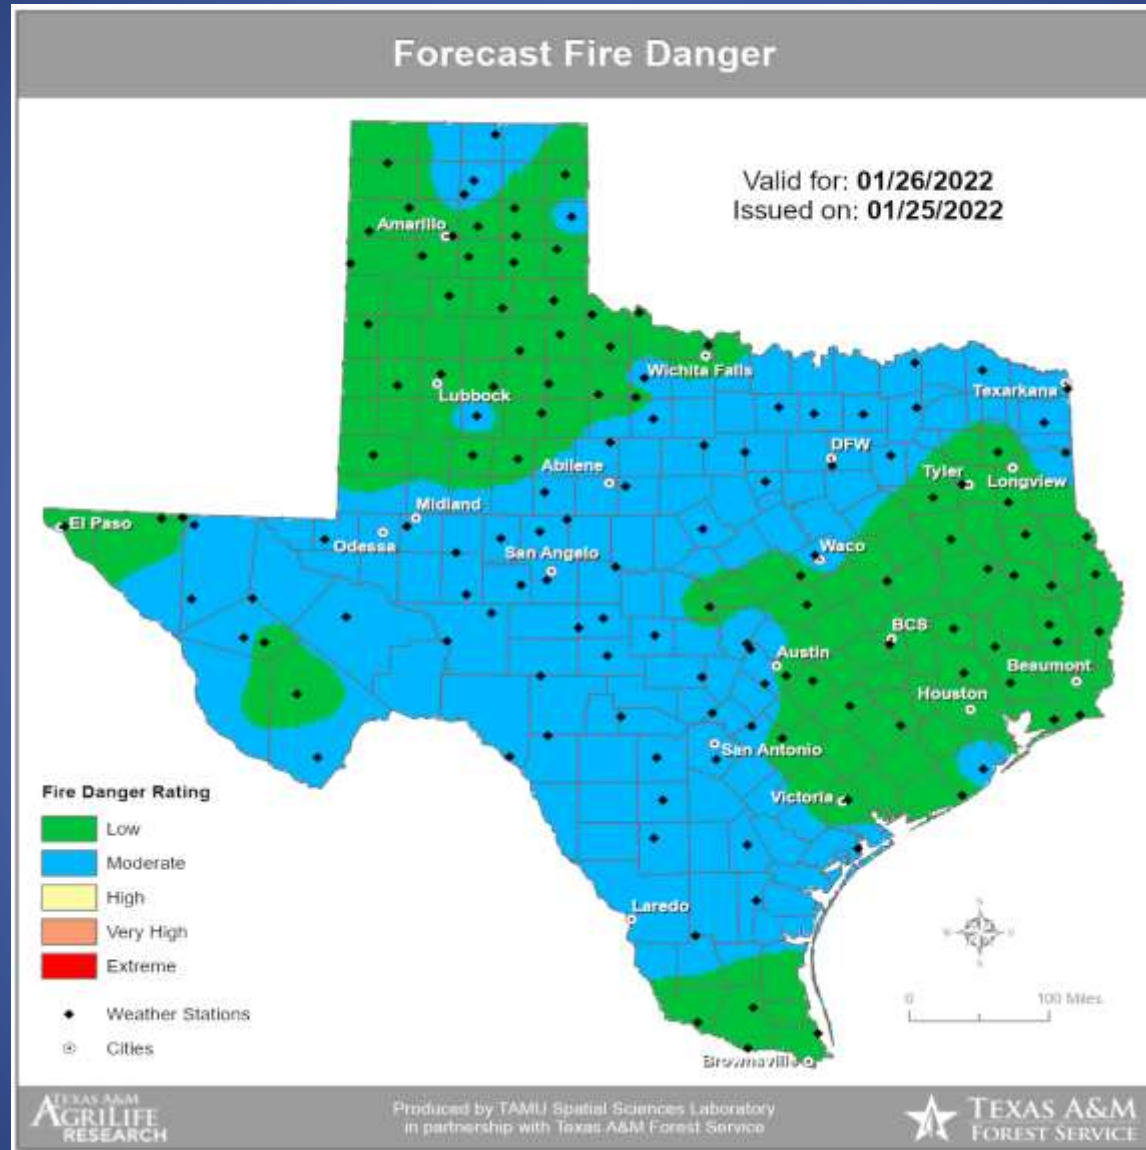

Cooler weather is expected for Wednesday along with breezy easterly winds. Most of us stay dry beneath mostly sunny skies, but the Sacs could see some light snow showers, mainly in the morning.

Hazardous Weather

A wintry mix is possible this afternoon, mainly across the Big Country and parts of the Concho Valley. Any accumulations will be light, but could still result in slippery roads.
